8) The question of the equipment as well as the maintenance of this Institution was not taken up at the time when construction was started. As was ~~was~~ resolved at the special meeting held on the 9th March 1938, I am of opinion that the pay of one Assistant Surgeon and one Sub Assistant Surgeon viz., Rs.300/- per mensem and the cost of Europe Medicines, about Rs.500/- per annum may be met from Government Grants and all the other recurring expenditure by the Municipal Council, Bangalore. The Red Cross Society has accepted to bear the liability on account of initial equipment of Rs.12,300/-. The administration of the Dispensary may be vested in the Medical Department as in the case of all other L.F.Dispensaries.

(9) The cadre of Assistant Surgeons and Sub Assistant Surgeons may be raised by one respectively, for the appointment of this staff.

(10) Regarding the Seth Chellaram Maternity Home, the Red Cross Society have agreed to bear the charges on account of equipment, and the maintenance charges will have to be met by the City Municipality as in the case of other Maternity Homes.

S. Subba Rao
Senior Surgeon.

11) The details of the recurring Expdr refd to in para 8 is as noted below.

SECY. LOCAL SELF GOVT. 3. DEC 19 GOVT. OF MYSORE

64) The procedure usually is for the Municipality to pay 2/3 of the cost & 1/3 to be met by the St Board, as in the case of dispensaries in the Mofussil (Flag IX)

65) But the St Boards being unable to meet its share, it is proposed by SS that the cost may be shared equally between the Mcpl & the Govt. The Municipality is willing to bear only 1/3 & the Govt have to shoulder the balance of cost, coming to Rs 5420. But this is only for 2 years and this next. This may come under clause XXVI of the schedule, as being an unusual item of expenditure. It is also for consideration whether the extra cost of Rs 5420 may not be debited to the Anti Tuberculosis Fund under formation (vide last sentence of Mr Manchaiah's Minute dt 4.11.38)
by 5/12/38

66) Dy Secy L.S.G. by 5/12

67) This can now be treated as an ordinary L.F. Dispensary

(a) Instead of "Board of Management" it would be better to name the body contemplated as a "Committee for the Tuberculosis Clinic and Dispensary".

(b) I suggest the following members:-

1. Representatives from the Red Cross Society	1. Rajamantrapravina K.Mathan, Esq., B.A., President, Indian Red Cross Society. 2. Rajacharita Visarada Rao Saheb C.Hayavadana Rao, Esq., B.A.,B.L., Honorary Secretary, Indian Red Cross Society + Secy Anti tuberculosis league
2. Representatives from the Municipality	3. President of the Municipality - Mr.Balakrishnaaiya. 4. One other representative nominated either elected or perhaps the Municipal Commissioner.

the Municipal Commissioner may perhaps be nominated

3. The Senior Surgeon - Ex-Officio

Rajamantrapravina Mr.K.Mathan to be the President of the Committee.

This I expect would be a very useful working body.

(c) As their functions cannot, in the nature of things, be fully and completely defined in the beginning, I suggest that the Committee be appointed at present for only one year from the date of starting the institution, and reconstituted and functions defined at the end of that period.

To

The Secretary to the Government
of His Highness the Maharaja of Mysore,
Local Self-Government Department,
Bangalore.

Sir,

With reference to Government Order No.P.W. 420-25-S dated 30-7-37 sanctioning the construction of two Red Cross Buildings in the Kempe Gowda Road, viz., Lady Willingdon Tuberculosis Dispensary and Seth Chellaram Kishindas Multani Maternity Home, I hav the honour to state that the two buildings are nearing completion. Before the close of construction work, it was deemed necessary tha a separate solarium between the above two buildings should be constructed. This is now shortly to be undertaken and furnished early.

2. In view of the buildings getting ready for occupation, the question of equipping and maintaining them including the construction of a separate solarium was discussed by the following at a meeting held on the 9th March 1938:-

1. Rajamantrapravina
Diwan Bahadur K.Matthan, Esq., B.A., (Chairman)

2. Sastravaidyapravina

3. After discussing the various aspects of the points at issue with reference to the lists of recurring and non-recurring expenditure received from the Senior Surgeon in Mysore, Bangalore, certain resolutions were adopted, copies of which are enclosed herewith for kind perusal. It is requested that the whole subject may be sympathetically viewed and necessary Government Orders issued at a very early date so that the working of the two institutions may be started without ~~any~~ delay.

4. A copy of the Proceedings of the above meeting has been forwarded to the Senior Surgeon, the President of the City Municipal ~~Council~~ council, and the Commissioner, Bangalore City Municipality for information and early needful action.

I have the honour to be,
Sir,
Your most obedient servant,

Hon: Secy. & Treasurer.

Re: the equipment and the maintenance of the two Red Cross Buildings viz., Lady Willingdon Tuberculosis Dispensary and seth Chellaram Kishindas Multani Maternity Home, on the Kempe Gowda Road, Bangalore City.

The following members were present at the special request from the Chairman at the Chairman's residence on Wednesday the 9th March 1938, at 9-30 A.M:-

1- Rajamantrapravina
Diwan Bahadur K.Matthan,Esq.,B.A., (Chairman)

2. Sastravaidyapravina
Dr.S.Subba Rao,B.A.,M.B.,C.M.,&c.
Senior Surgeon in Mysore, Bangalore.

3. S. Narayana Rao, Esq., M.A. (Hons.)
Municipal Commissioner, Bangalore.

4. N.Balakrishnaiya, Esq.,B.A.,LL.B.
President, Municipal Council, Bangalore.

5. Rajacharitavisharada
Rao Sahib C.Hayavadana Rao, Esq.,B.A.,B.L.
(Hon: Secy. & Treasurer)

The Chairman read the Report furnished by Dr. B.Jayaram, in regard to the Lady Willingdon Tuberculosis Dispensary, at Bangalore. The plan as amended at the suggestion of Dr. Jayaram was gone through and the same was approved.

Maintenance.

The rough estimate as prepared by the Senior Surgeon was examined After scrutiny, it was estimated that it would cost Rs.600/- per mensem or Rs.7200/- per annum. It was agreed that the usual Government contributions may be applied for as in the case of City Dispensaries. This would help to distribute the cost between the Government and the Municipality.

As regards equipment, the list furnished by the Senior Surgeon was scrutinised in detail and it was found that a sum of Rs.12,300/- would be required. It was agreed that, in view of an independent Tuberculosis Association being formed early in connection with the Appeal issued by her Excellency the Marchioness of Linlithgow this might be met from Red Cross Funds, or from funds at the disposal of the Committee administering that Fund.

After discussion, the following Resolutions were adopted:-

1) RESOLVED that the plan as amended by Dr. B.Jayaram,M.B.,&c., Medical Officer, Princess Krishnajammanni Tuberculosis Sanatorium, Mysore, and countersigned by the Senior Surgeon be approved.

2) RESOLVED that a separate Solarium between the two buildings under construction, Viz., Lady Willingdon Tuberculosis Dispensary and Seth Chellaram Kishindas Multani Maternity Home, be constructed as per Design adopted at Mysore City.

3) RESOLVED that the Bangalore City Municipality be requested to make available the sum of Rs.5000/- already sanctioned by it towards the cost of constructing the present Lady Willingdon Anti-Tuberculosis Clinic in Bangalore City.

4) RESOLVED that the Bangalore City Municipality be requested to meet the maintenance charges of the Dispensary and the Solarium as in the case of the other Dispensaries working within the limits of the City Municipality.

5) RESOLVED that the Government be approached through the Senior Surgeon in Mysore that Government contributions, as in the case of the Dispensaries in the Municipal limits, may be extended to the Lady Willingdon Tuberculosis Dispensary.

6) RESOLVED that the New Tuberculosis Association to be formed in the State as the result of the Appeal issued by Her Excellency the Marchioness of Linlithgow in this connection be requested to make an equipment grant of Rs. 12,300/- to the Bangalore City Municipality, the Bangalore City Municipality and that in the meantime be made to the Mysore State Branch of the Indian Red Cross Society now in charge of Anti-Tuberculosis work, for advancing the sum required.

7) RESOLVED that a Board of management consisting of two Municipal representatives, the Senior Surgeon and two members from the Mysore State Branch of the Indian Red Cross Society, be formed, the Dispensary being administered under the supervision of the Medical Department of the State.

As regards

As regards the "Seth Chellaram Kishindas Multani Maternity Home", the following Resolutions were adopted after due consideration:-

1) RESOLVED that the Bangalore City Municipality be requested to take over its maintenance and administration as a part of their City Maternity Home Scheme.

2) RESOLVED further that the building be handed over to the City Municipality after the further sundry additions suggested are carried out and the same is duly equipped with sanitary and electrical fittings.

3) RESOLVED also that the equipment charges be met from funds at the disposal of Red Cross Society, State Branch.

DEAR

To

The Secretary to the Government of Mysore,
Local Self Government Department, Bangalore.

Sir,

Adverting to the D.O.Note No.C.1167-12 dated the 11th May 1938 about the equipment and maintenance of the LadyWillingdon Tuberculosis Dispensary, Bangalore, I have the honour to enclose, for the information of Government, a copy of letter No.12-2296/37 dated the 20th June 1938 received from the Municipal Commissioner, Bangalore City, requesting me to move the Government to pay ⅓rd of the total cost towards its maintenance.

In this connection, I would like to point out that whereas the conclusion at the informal meeting was that the usual Government contribution may be applied for, the Municipality now appears to be considering the possibility of contributing ⅔rds of the entire cost or Rs.4,800/-, so that Government contribution would only amount to Rs.2,400/-. If the Municipality agree to this proposal, the Government share of the cost would be considerably reduced on the estimates furnished in the un-official note. Whereas by meeting the pay of the medical subordinates and the cost of Europe Medicines we will have to contribute Rs.4,100/- per annum, the acceptance of the present proposal would reduce this cost to Rs 2400. almost to a half, ~~which may certainly be accepted~~. I am however expecting the Municipal resolution, which will be forwarded to Government on receipt.

I have the honour to be,

Sir,

Your most obedient servant,

B.K.Narayana Rao

Senior Surgeon. 7/7

---

In forwarding herewith, an extract from the Proceedings of the informal meeting held on the 9th March 1938 at the residence of Rajamanthra Pravina Dewan Bahadur K.Matthan to consider the question of meeting the cost of maintenance of the Tuberculosis Dispensary, in proportion of $\frac{1}{3}$ and $\frac{2}{3}$ as in the case of City Local Fund Dispensaries, I have the honour to request you to kindly move Government for the payment of $\frac{1}{3}$ of the cost i.e., Rs.2,400/- per annum.

As regards payment of the $\frac{2}{3}$ or Rs.4,800/- by the Municipality the matter will be placed before the Council at its next budget meeting.

Re: the equipment and the maintenance of the two Red Cross Buildings viz., Lady Willingdon Tuberculosis Dispensary and Seth Kishindas Multani Maternity Home, on the Kempe Gowda Road, Bangalore City.

The following members were present at the special request from the Chairman at the Chairman's Residence on Wednesday the 9th March 1938, at 9-30 A.M.

1. Rajamantrapravina Diwan Bahadur K.Matthan, Esq., B.A.,M (Chairman)
2. Sastravaidya Pravina Dr.S.Subba Rao, B.A.,M.B.C.M.,etc. Senior Surgeon in Mysore, Bangalore.
3. S.Narayana Rao, Esq., M.A.,(Hons), Municipal Commissioner, Bangalore City.
4. N.Balakrishnaiya, Esq., B.A.,LL.B., President, Municipal Council, Bangalore City.
5. Rajacharita Visarada Rao Saheb C.Hayavadana Rao, Esq., B.A.,B.L.,(Hony. Secy., & Treasurer).

The Chairman read the Report furnished by Dr.B.Jayaram in regard to the Lady Willingdon Tuberculosis Dispensary, at Bangalore. The plan as amended at the suggestion of Dr.Jayaram was gone through and the same was approved.

Maintenance.

The rough estimate as prepared by the Senior Surgeon was examined. After scrutiny, it was estimated that it would cost Rs.600/- per mensem or Rs.7,200/- per annum. It was agreed that the usual Government contributions may be applied for as in the case of City Dispensaries. This would help to distribute the cost between the Government and the Municipality.

To

The Secretary to the Government of Mysore,

Local self Government Department, Bangalore.

Sir,

P.W.D. I

In continuation of my letter No.C.1167-14 dated 8-7-1938, about the equipment and maintenance of the Lady Willingdon Tuberculosis Dispensary, Bangalore, I have the honour to enclose a copy of letter No A2.2396/37-38 dated 11/13-7-1938, since received from the Municipal Commissioner, Bangalore City Municipality, stating that the ratio of maintenance charges of the Dispensary indicated in his previous letter is not correct and requesting that the proportion admissible under the rules, may be adopted instead.

I had a talk with Mr.Narayana Rao, when he explained that the Municipality would be willing to give only such contribution as they are now paying towards the L.F. Dispensaries in the Municipal area, and that the usual cost on account of Europe Medicines and pay of Medical Subordinates may be met by Government. This would mean that the proposals made in the un-official Note No.C.1167-12 dated 11-5-1938 may stand, and that the other recurring grants be met by the Municipality.

See para 10 of notes

I shall address Government on receipt of the further proposals from the Municipality. My letter No.C.1167-14 dated the 8th Instant may therefore be considered as withdrawn.

Regarding payment of maintenance charges at 2 : 1 ratio to the Tuberculosis Dispensary.

Referring to my letter No. A2-2396/37 dated 20th ultimo, on the above subject, I have the honour to state that, it is found that, the ratio of maintenance charges of the dispensary indicated therein is not correct, and to request therefore, that the proportion admissible under the rules, may be adopted instead.

2. As regards the details of monthly expenditure of Rs. 600/- referred to in the resolution of the meeting of the Indian Red Cross Society held on the 6th March 1938, details for the same have been requested from the Honorary Secretary, Indian Red Cross Society. On its receipt and after consideration by the Council, a further communication will be made.

Council Resolution No. 40 dated the 1st March 1938, referring the question of taking over the Lady Willingdon Tuberculosis Dispensary and the Maternity Home from the Indian Red Cross Society. Letter No. I.R.C.S. 640 -42 dated 23-3-38 from the Honorary Secretary and Treasury Indian Red Cross Society in the matter.

Mr. B.L.Byanna said that as it was an obligatory expenditure it need not be delayed.

The President explained to the House, that there were two points involved in the matter, one being about the Tuberculosis Dispensary, where the Municipality and the Government had to contribute to the expenditure and the other about the Seth Challaram Kishandas Multani Maternity Home in which case the entire cost has to be borne by the Municipality and suggested that the question of Tuberculosis Dispensary may be referred to the Managing Committee as the actual contribution is not known.

57)

Resolution:- The Municipality is agreeable to take up and ~~x~~ maintain the Seth Chellaram Kishandas Multani Maternity Home, after it is fully equipped and handed over to the Municipality.

As regards the Tuberculosis Dispensary, the matter may be referred to the Managing Committee for fixing the financial responsibility of the Municipality and submitting proposals to the Council.

Sir,

With reference to your letter No.G.1490-1/Med.253-37-6 dated the 16th August 1938, regarding the equipment and maintenance of the Lady Willingdon Tuberculosis Dispensary, I have the honor to invite reference to the letter No.A2-2296 dated the 29th August38, from the Municipal Commissioner to your address, and to state that whereas the resolution about the Seth Chellaram Kishandass Multani Maternity Home is in keeping with the decisions arrived at the joint meeting held on 11th July 1938, that about the maintenance of the Lady Willingdon Tuberculosis Dispensary is neither in keeping with these decisions nor with the existing practice in vogue in the City limits in as much as they resolve that not more than 1/3 of the recurring cost will be met by the Municipal Council. The acceptance of the present proposal of the Municipality would create an inconvenient precedent which is not in keeping with the rules now in force, and I would therefore request you kindly to move the District Board to meet the balance of the recurring cost as laid down in the Government Order No.G.13102-5/Med.92-19-9 dated 10th July 1921.

As soon as this point is settled, arrangements may be made for the opening of this Institution.

I solicit early orders.

To,

DEAR

The Secretary to Government
of H.H. the Maharaja of Mysore,
L.S.G. Department. Bangalore.

Sir,

With reference to your letter No. G. 2679/Med. 253-27-28 dated the 19th September 1938 regarding the maintenance of Lady Wellingdon Tuberculosis Dispensary at Bangalore, I have the honour to state that though the statement of recurring charges is submitted to Government by the Red Cross Society worked up to an average of Rs. 600/- per mensem, certain important items of expenditure have quite inadvertently been omitted from the calculations. For instance the cost of supply of medicines which will be about Rs. 600/- per annum and provision of ward Ayahs for looking after the Lady's Department and cost of diets of patients from which it will kindly be seen that the charges worked up to Rs. 630/- per mensem or Rs. 7560/-, per annum. This is the barest minimum and no further reduction is possible to be in keeping with the utility of such an institution in a premier City like Bangalore. The X-Ray attendant will be appointed only after the X-Ray plant is installed. The nursing and other staff required will be appointed gradually as and when necessity for them is keenly felt. The estimate is one which does not admit of further reduction and this cost will be incurred when the entire staff is appointed.

If, as stated by Government, the entire cost on account of the recurring expenditure cannot be met by the District Board and Municipality as per standing orders of Government, I would suggest that this may be met in equal

equal proportions by Government and Municipal Council, though this itself will be a new innovation for such institutions.

The proposals of the Municipality to bear only one third of the recurring charges would be too great a drain on the financial resources of this department as no provision of what-so-ever is made during the current year to meet any of the charges since orders had not been passed about the opening or maintenance of this dispensary at the time of the preparation of the annual budget estimate.

As the buildings are completed and it is proposed to open the institution very early I suggest that the Muncipality may be prevailed upon to contribute half the charges so as to enable the early opening of this institution. The Government share of the cost will have to be met by sanction of an additional grant to the extent required and application for which will be submitted in due course.

I solicit early orders of Government.

I have the honour to be,

Dear Mr. Krishna Rao,

Re: Initial and recurring cost of the Lady Willingdon Tuberculosis Dispensary.

In continuation of my letter No.2303 dated 8/9th November 1938, I write to state that as regards initial equipment which is estimated to cost Rs.12,300/- the State Branch has agreed to advance the same to be recouped from the Tuberculosis Association Fund later. As to recurring charges of Rs.630/- per mensem, I am to state that the income of the Society is so unsteady that it is wholly unable to provide any funds towards this particular item of expenditure. As already reported in my letter No. 2038 dated 8/10th Oct. 38, the State Branch is getting even 50% of the contributions from the Village Panchayat's as per Government Order. Further, the policy adopted by the Branch is to meet expenditure in the cities of Bangalore and Mysore from the General Funds comprising of membership subscriptions, Headquarters grant and the donation from the Bangalore Race Club. The Budget for 1938 under General Funds shows a deficit by Rs.1037/- and under Village Panchayat Funds there is a deficiency of Rs.1350/-. In these circumstances I am to suggest that if the City Municipality cannot be persuaded to meet at least half the recurring monthly cost, the Government may kindly be pleased to consider this question favourably and arrange to meet the extra charges involved. This arrangement may be, if necessary be tentatively adopted for the time being, until the end of 1939-41, when the

Lady Willingdon Tuberculosis Dispensary Bangalore.

In March 1938, as the building for the Tuberculosis Dispensary was nearing completion, the Hon. Secy, Indian Red Cross Society forwarded a copy of the proceedings of a meeting held on 9.3.38 regarding the equipment and maintenance of the Tuberculosis Dispensary. It was proposed that the equipment costing Rs 12,300/- required for the institution, be met from the Red Cross Funds and that the recurring cost estimated at about Rs 600 per mensem be met from Govt and other contributions. The Municipal Comr was addressed in the matter and he forwarded a resolution of the Municipal Council agreeing to bear not more than one third of the recurring cost of the Dispensary. As the D.H. Board Bangalore was not in a position to undertake any responsibility the Senior Surgeon was requested to submit revised proposals so as to keep the recurring cost to the minimum.

The Senior Surgeon has replied that the running charges amount to Rs 8160/- p.a. and that it is not possible

to reduce the Staff. It was however agreed that nursing and other staff would be appointed gradually as and when the need is felt. This would keep down the cost for sometime till the institution begins to work in full swing. The Senior Surgeon suggested that, as the recurring cost cannot be met entirely by the District Board and the Municipality, it may be met in equal proportions by the Municipality and the Govt. As the grants to the Medical Dept do not admit of reappropriations, the Senior Surgeon stated that he would apply to the Govt for an additional grant to cover the Govt share of the cost

The Hon. Secy, (Red Cross Society, Indian Branch, was then addressed enquiring whether the Red Cross could contribute to the recurring cost of the dispensary. He says that the Red Cross Society are not in a position to contribute towards recurring charges and requests that Govt may for the time being agree to meet the extra charges if the Municipality cannot be asked to pay half the charges. This is for orders

Sir,

With reference to G.O. No.G.9011-7/Med.253-37-11 dated 11th March 1939 appointing a committee for the management of the Tuberculosis Clinic and Dispensary, I have the honour to state that the Dispensary was designated as the "Lady Willingdon Tuberculosis Dispensary" and the foundation stone carries that name. It was agreed to at the time that Lady Willingdon, President, Silver Jubilee Committee, made a donation of Rs.25,000/- that the Clinic would be named after her. I, therefore, request that Government will be pleased to designate the Clinic thus: The Lady Willingdon Tuberculosis Clinic and Dispensary" and the Committee to manage it may be called "The Committee for the Lady Willingdon Tuberculosis Clinic and Dispensary".

I have the honour to be
